Can I view a list of organizations I’m on the Staff team for?

Organization FAQ · https://connectionpoint.com/help/can-i-view-a-list-of-organizations-im-on-the-staff-team-for/

Yes! When you click 'Organizations' in the navigation header, a drop-down list of organizations appears with those your user account is on the staff team for.

Note: If you're on a campaign team for an organization but not the staff, it will not appear on this organization list. Click here to see the differences between the campaign team and organization staff.

Are you missing an organization that should be on this list? It's possible you have logged in using either a different email or an alternate method (Facebook and Google are also options). Read this article for more information. Otherwise, feel free to contact us, **and we can look up how you originally logged in.**
