Where to find and edit your organization profile

Organization General Set-up & Management · https://connectionpoint.com/help/where-to-find-and-edit-the-organization/

The organization profile is the homepage on whichever platform you are using. It works much like any social media page: It's an area for visitors to explore who your organization is and what your collaborative funding activity has been like. It is a wonderful tool for trust and transparency.

How do supporters see the organization profile?

Unless you customize your homepage under Organization Theme, your organization profile is the page your campaign visitors will land on if they click your logo in the campaign's header.

Mental health care for your child today prepares them for tomorrow

Providing quality health care for children in Niagara for over 50 years.

Pathstone making a difference in children's lives

It can be frustrating when your child is struggling with a mental health issue or may be in crisis and you don't know where to go for help.

We believe you should be able to take care of your child and it shouldn't be so hard to get them treatment for a mental health problem. Pathstone has been providing world class mental health services for children for over 50 years.

Nothing is more important than your child's health and you need a safe place where your child will be heard and get the treatment they need.

We understand that you and your child may be nervous, not knowing what to expect, so we make sure we're kid friendly from the time you walk in the front door. It's hard sometimes to know what's happening and it can take a toll on the family so we consider family members a part of the Pathstone team.

Welcome to Pathstone's NEW POP-Up Project Series.

We are a children's mental health organization, serving the entire region of Niagara.

Through the pandemic, more kids are visiting us with heightened Anxiety and Depression. They are feeling the effects of online learning and the fear of falling behind. They feel isolated, and are missing their social time with friends and family, as well as their extra-curricular activities.

As a result, our Immediate Services Team are ready to support kids in three ways.

- Over the **phone**, our **24/7 Crisis & Support line** can be reached by calling **1-800-263-4944**.
- **In-person**, by visiting ANY of our eight walk-in clinics located across Niagara. Monday – Friday.
- Via **Video**, Monday-Friday.

How to edit

Click the edit pencil in your profile to edit.

What do I put on it?

There are no rules for what to put in your profile, but may we suggest the following:

- What makes you unique
- What problem(s) you may be trying to solve
- Where you operate
- Past online fundraising campaigns
- Your core values

- Contact information
- Links to important pages (homepage, social media, news articles, etc.).
- **Pictures and videos do much more than words alone!**

Please note: While you do not HAVE to populate this area with information, your visitor will see nothing but a blank white page if you don't. This may make them wary about your campaign's legitimacy, so it is highly recommended.
